

To assist students in planning their schedules, Diablo Valley College has prepared a list of required courses to be offered each term. This list is subject to change due to fiscal constraints and availability of staff and/or facilities, but it should help you in planning your schedule. By scheduling your classes according to this course sequence guide, you will be able to finish the major requirements certificate of achievement in two years or less depending on the number of units you take each term. In addition to these required courses some programs require students to select other courses from a list of restricted electives. Verify offerings with program faculty, counselors and the online schedule of classes.

Server and system administration

Associate in science / Certificate of achievement

Complete the certificate pattern below and general education options 1, 2, and 3 for AS degree

Course sequence

X= term offered

required courses:

	year	fall	spring	summer
